* SS#340.01 (30) says the motor-bicycle is a bicycle that had an engine added to a regular bike, it can't go over 30mph (150lb operator). SS#341.05 (23) says it is legal to ride them on the road unregistered. That statute also refers to SS#349.18 which gives the county or local municipality the right to register them or allow or not allow operation on certain roads etc. SS#343.05 (3) (c) says a basic drivers license is also required on a motor bicycle like a moped. Do moped laws pertain or bicycle laws pertain? Likely bicycle laws as the moped laws state specifically mopeds or motorcycles. For example; mopeds cannot have 2 passengers or mopeds must ride single file in speed limits over 25mph.
